

Sponsor TODAY, the Powerful Futures of our children for tomorrow

We all want our children to be successful, to become happy, independent and contributing members of our community.

Powerful Futures needs you to help implement the iKiFit Safe Respectful Learners (SRL) program into early childhood services, schools and community centres across NSW.

iKiFit SRL helps improve individual and community well-being by focusing on 3 key areas in education:

Engage: students in learning: iKi Energisers are exercise which is fun, effective and suitable for all ages

Model: positive behaviours: iKi Crew are student mentors who are trained to lead by good example

Teach: community building values: Educators, parents and community members learn strategies that help our children become healthy, productive members of our community.

What your Sponsorship will purchase for our Communities
