## Comments on iKi Rulz and activities every day.

*"The principles of iKiFit embed in what we already do. It's so good to reinforce what we are already doing in a new and exciting way. So empowering for all levels."* *Amy Shine, Director, Forbes Preschool*

*"We have seen such a difference in the children's autonomy since implementing the program. They are confident in expressing themselves and are implementing the rules themselves within their play to ensure a safe, respectful environment for all. The program has assisted our Educators in teaching children about empathy towards others and we have found the whole environment has become a lot more positive, accepting and respectful of human differences. The children also love the iKiFit component where they get to dance and sing along using their iKi Sticks. It has been such a powerful and positive experience for all and the children are proud of their Power Positive Names and keen to show off their moves!"* *Justine Richards, Director/Owner, Regand Park Early Childhood Education Centre, Dubbo*

*"Implementing iKiFit into our centre programme has exceeded our expectations. The whole of staff professional development has allowed all educators to be confident implementing the programme across all ages. The messages, the actions and music appeal to everyone and its fun! Adding the iKi Sticks creates a whole new dimension of engagement for our older children. One of the best Whole of Educator Teams PD we have done".* *Judy Radich, Nominated Supervisor, Cooloon Children's Centre Inc. Tweed Heads*
